Select electives toward a specialization such as wetland ecology and management, hydrology and soil science, conservation ecology, computer applications, quantitative analyses, GIS modeling, economics, finance, policy, or business applications.

12 CREDITS

3

CAPSTONE

CAPSTONE REQUIREMENT

Students who matriculate after Fall 2024 must complete the MF Capstone Course. Students who matriculate in Fall 2024 or earlier can instead satisfy the capstone requirement by completing a Master's Project that complies with the MF program's guidelines.

4-6 CREDITS

SEMINAR

You will take this course every semester, earning one credit upon completion of all four semesters. Seminar activities include group course advising, professional development activities, two required Ethics sessions, one required Land Tenure session, and MP practice presentations.

1 CREDIT

4
